

OUR MISSION

inform, support, educate,
fund research, and find a cure
for Kennedy's Disease

Rare Disease Day

This Sunday, February 28th, is Rare Disease Day. The main objective of Rare Disease Day is to raise awareness about the 7000+ rare diseases and their impact on patients' lives. The campaign targets primarily the general public and also seeks to raise awareness amongst policy makers, public authorities, industry representatives, researchers and health professionals.

Live Stream Special Event

hosted by Fred Briones

My name is Ralph Frederick Briones and I was born and raised in the San Francisco, Bay Area. Over the past few years, I have raised over **\$25,000 for the KDA** with my GoFundMe campaigns. This year, for our 3 year anniversary, I have organized a **2 day live-stream event on Twitch which will feature over 30 DJ's from the UK to the Bay Area. Sunday will focus on patient stories, cooking expositions, several dance performances and guest speakers.**
