

Kennedy's Disease Support Groups

There are several active support groups for Kennedy's Disease patients, their caregivers, and partners to provide forums for discussion and provide support and awareness. If this is your disease, please join us. In fact, join them all.

We are here for you – you are not alone.

Doctors, researchers, and support services are encouraged to join as well.

Non-Facebook Users

To provide access for patients and caregivers to the information posted within the group, an email address has been setup.

To receive this email service, please email the group address

kddownunder@outlook.com.au with your name and email address requesting information to be sent to you by email. Email Bulletins will be sent out periodically by the Group Admin.

Kennedy's Disease Association

<https://kennedysdisease.org>

Essential as a source for the general public, whenever one encounters the diagnosis of Kennedy's Disease and has no idea what that might be. They provide support, information, and funding of research in pursuit of treatments and a cure.
